INNOVATIVE PRACTICAL SOLUTIONS FOR GOVERNMENTAL MUNICIPAL & PRIVATE ENTITIES

## WASTEWATER PRETREATMENT WHEN IT MAKES SENSE

How much are you paying your local POTW in wastewater charges and surcharges? Are you having issues with the quality of your wastewater? Do you already have a pre-treatment system that is not working properly? If your answering yes to any of these questions, we can help!

### EXAMPLE:

The following displays an example of how a wastewater pre-treatment plant may be what makes sense to you. On average, private industries could realize a 5-year (or less) buy-back period on the investment of a wastewater pre-treatment plant.

|                                     |                   |
|-------------------------------------|-------------------|
| <b>Wastewater Processing Cost</b>   | <b>50,000.00</b>  |
| + Wastewater Surcharge Fees         | \$300,000.00      |
| + Water Fees                        | \$50,000.00       |
| <b>= Yearly Amount Paid to POTW</b> | <b>351,500.00</b> |

|                                 |                       |
|---------------------------------|-----------------------|
| <b>Total Amount Anticipated</b> | <b>\$1,757,500.00</b> |
| Grants/Energy Savings           | 10%                   |
| Water reuse/reduction           | 15%                   |
| <b>Yearly Savings (5 Years)</b> | <b>\$87,875.00</b>    |
| <b>5 Year Buy-Back Period</b>   |                       |

### ABOUT US:

443<sup>rd</sup> 14<sup>th</sup> 17<sup>th</sup>  
 \$120 1963 \$750  
 100

Incorporated in 1963, L.D. Docsa is a 3rd generation company, with experience in the water and wastewater industry for over 17 years. We have completed over 100 infrastructure projects, at a value of more than \$120 million. Our staff includes 4 in-house engineers, over 50 on-site skilled tradesmen, and provide 14 safety training

Talk to one of our in-house engineers for a practical solution to your wastewater quality. It's what WE do!
