

*Jack of all trades...*

## **SERVICE & MAINTENANCE**

Is your plant working like a well oiled machine? Are you understaffed and in need of maintenance? L.D. Docsa has been servicing municipal and industrial wastewater treatment facilities for over 20 years. From pump replacements to complete equipment overhaul, we are the crew that can do it all utilizing our own skilled tradesmen and fleet of equipment.

### **OUR PARTNERS**

Over the years, we have developed the necessary partnerships with various suppliers throughout the wastewater industry, providing us with direct access to all the necessary equipment for the water and wastewater industry.

### **THE OTHER STUFF**

Did we mention, roofing, concrete, doors, painting, insulation, etc.? We've been known to take care of those architectural issues as well. There is no job too small when it comes to our clients! Call us for all of your service and/or maintenance needs. Let us be your easy button.
